

INTEGRATED MANAGEMENT SYSTEM POLICY

Rockpress (Rocklea Pressed Metal Pty Ld) is a Queensland based engineering and metal workshop which has offered quality assured service and reliability to a broad spectrum of industry for over 40 years. Rockpress aims to grow its business in conjunction with committing to respecting the social and natural environment through proactive management of its activities, products and services.

Rockpress will adopt a sustainable approach to this growth through an integrated management system (IMS) which will work towards reducing or eliminating inefficiencies in the workplace and eliminating its negative impact on the social and natural environment.

In addition to this, under the Work Health and Safety Act 2011 (Qld) (WHS Act 2011) Rockpress has an obligation to ensure the health and safety of all Officers, Workers, Visitors and Others. Management are committed to providing and maintaining a safe and healthy workplace for all. For this to be achieved, Rockpress will be committed to ensuring they comply with all requirements of the Work Health Safety Act and Regulations, applicable Codes of Practice and Australian Standards so far as reasonably practicable.

For this to be achieved through the IMS, Rockpress will be committed to:

- Fully comply with applicable compliance obligations, Federal, State and Local Government quality, safety and environmental requirements.
- Develop and maintain an Integrated Management System (IMS) encompassing Quality, Safety and Environment to control, monitor and revise the activities of the company and to define roles and responsibilities of employees and all relevant stakeholders through consultation, cooperation and coordination.
- Establish, maintain and regularly review objectives, targets and trends that work towards maintaining and improving the IMS systems.
- Provide a responsible and aware workplace culture through training of all management and staff.
- Provide resources for the continual development of the IMS, injury management and rehabilitation and proactive environmental planning.
- Meet the expectations of our Customers, Stakeholders, Employees and the wider Community to ensure the organisation meets all the intended outcomes of its Integrated Management System.
- Partner with our customers and suppliers to assess and reduce the environmental impacts associated with the lifecycle of products that we purchase and produce.
- Prevention of pollution and protecting the environment, workers and others from any harm as a result of Rockpress processes.

Rockpress will promote the goals of this policy with its internal and external stakeholders, including PCBU's officers, government, industry, suppliers, sub-contractors, staff, customers and community through proactive engagement and support.

Dave Osborne

General Manager
